SALES TRENDS

Total revenue each month

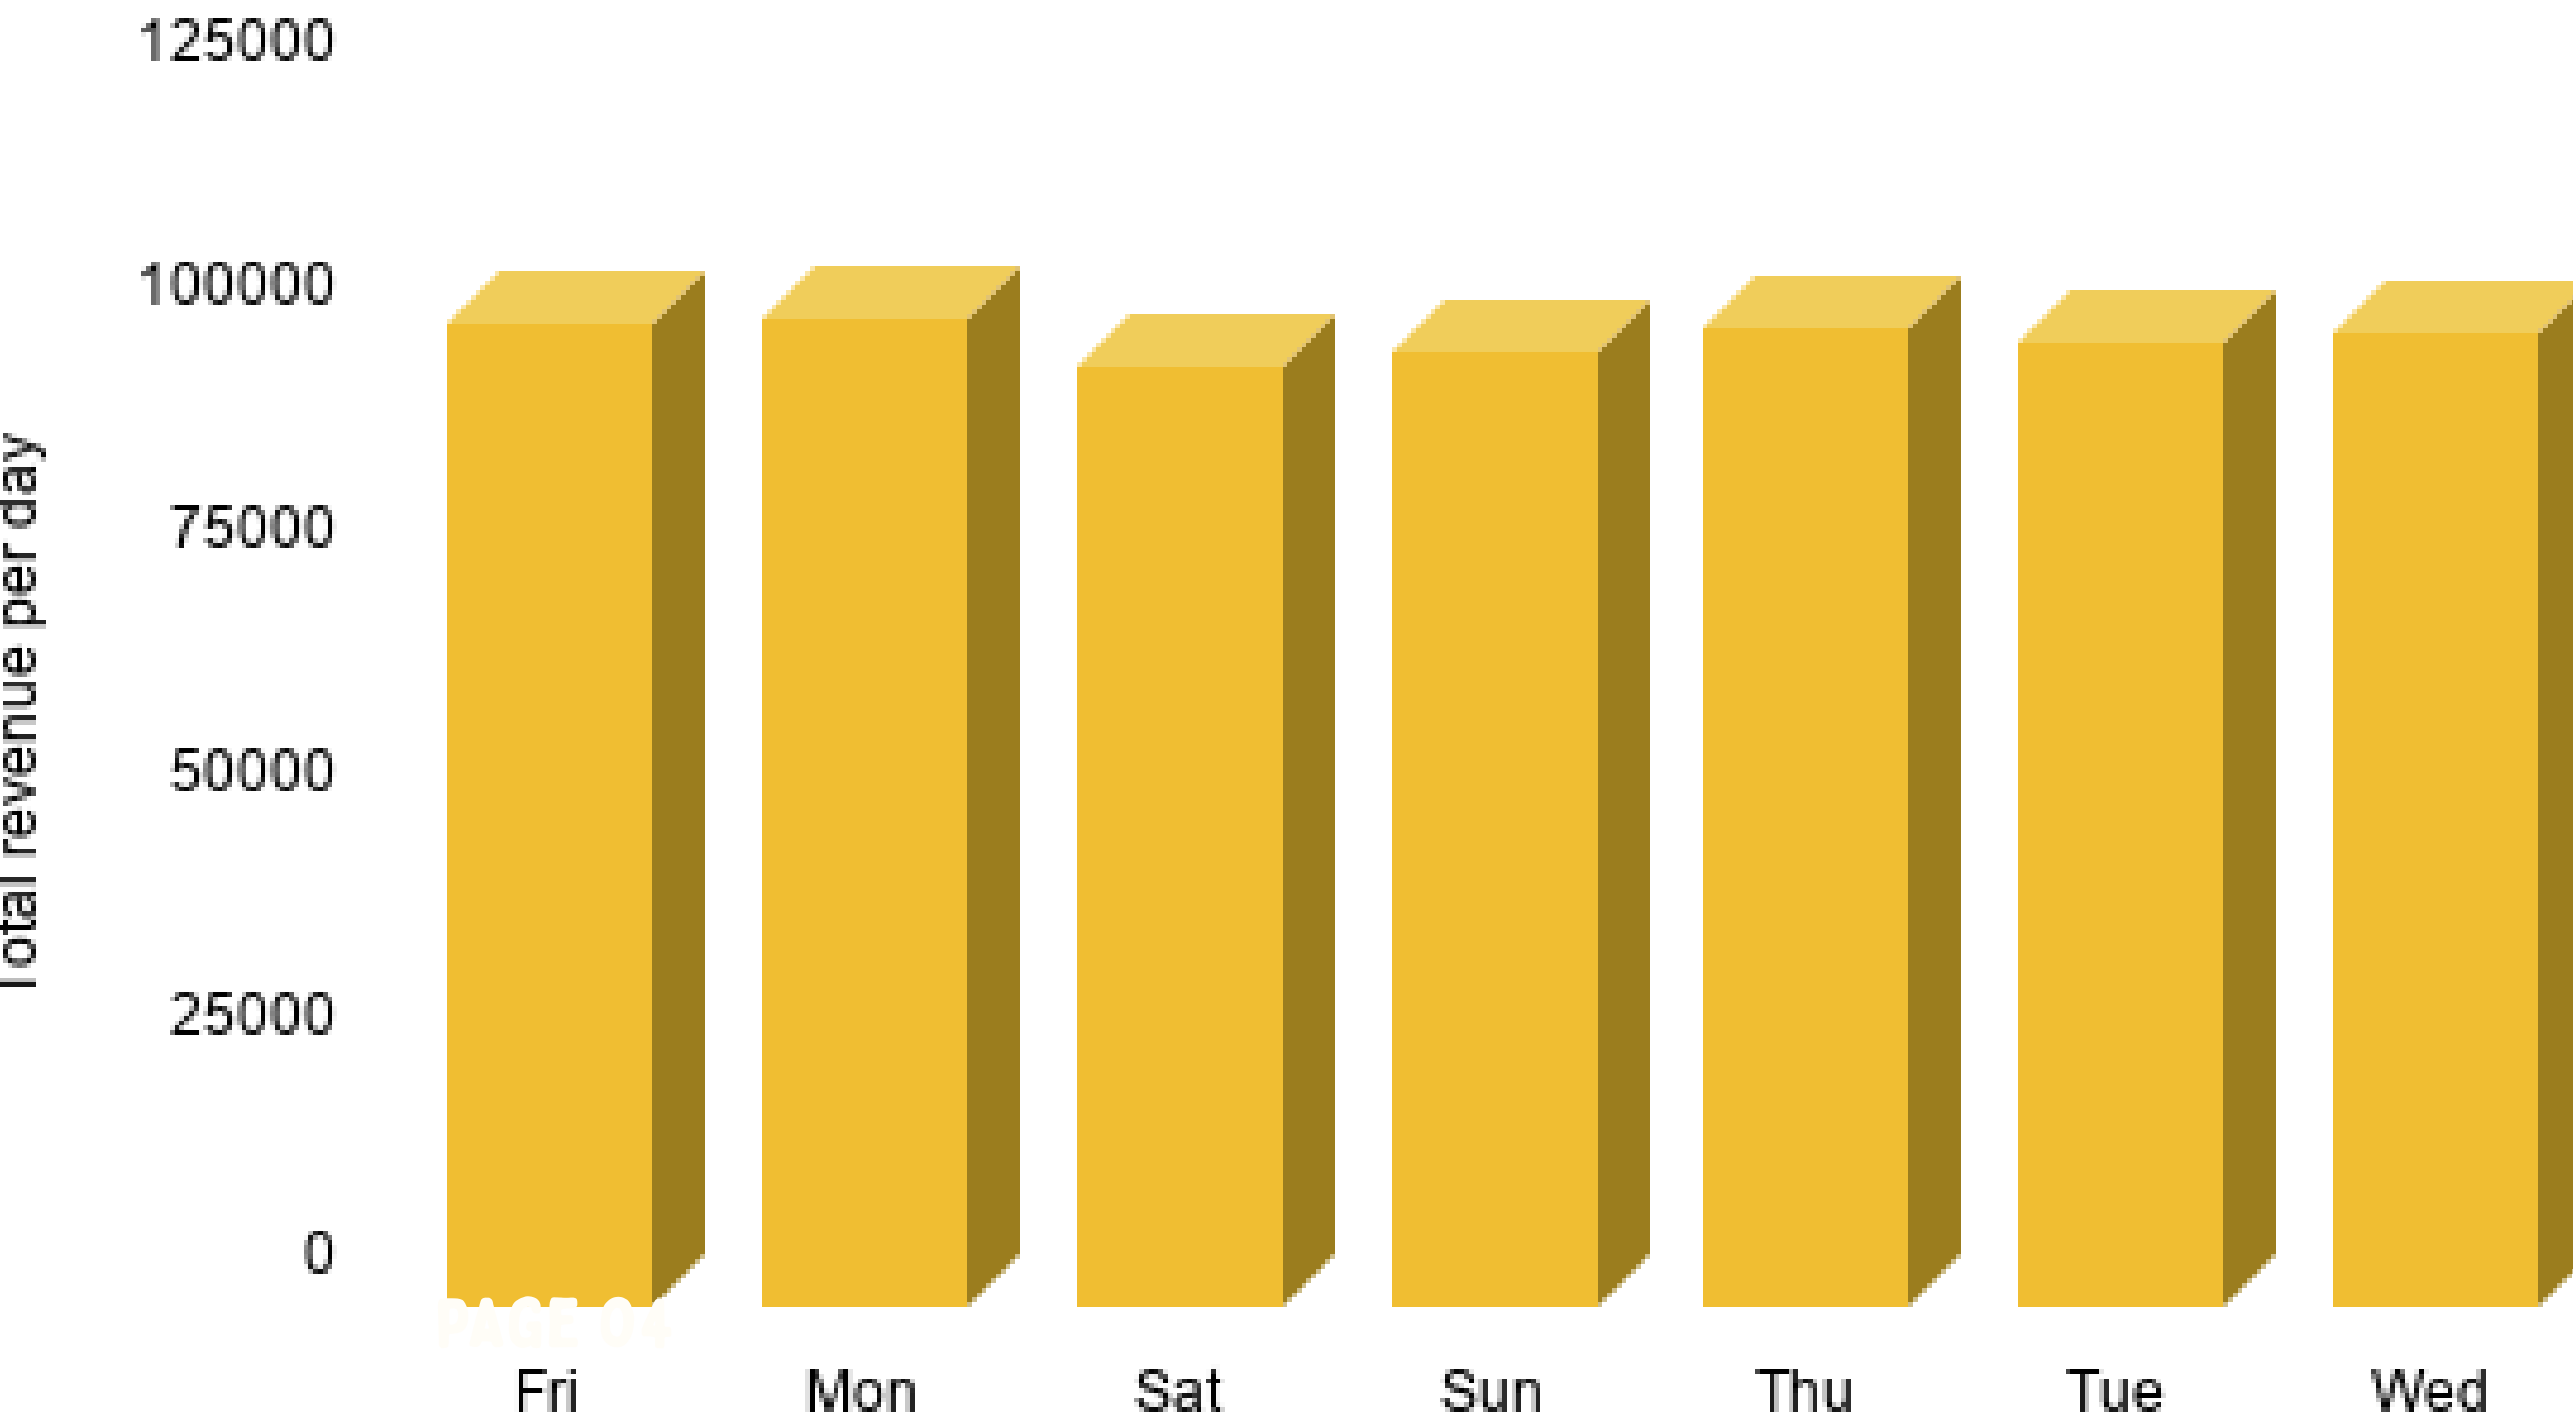

find that June is the month with most sales/revenue and the cause is the season, people tend to drink hot beverages during this time to keep warm.

SALES TRENDS

Total revenue per day

This is the flattest dashboard, its almost like sales are the same each day.

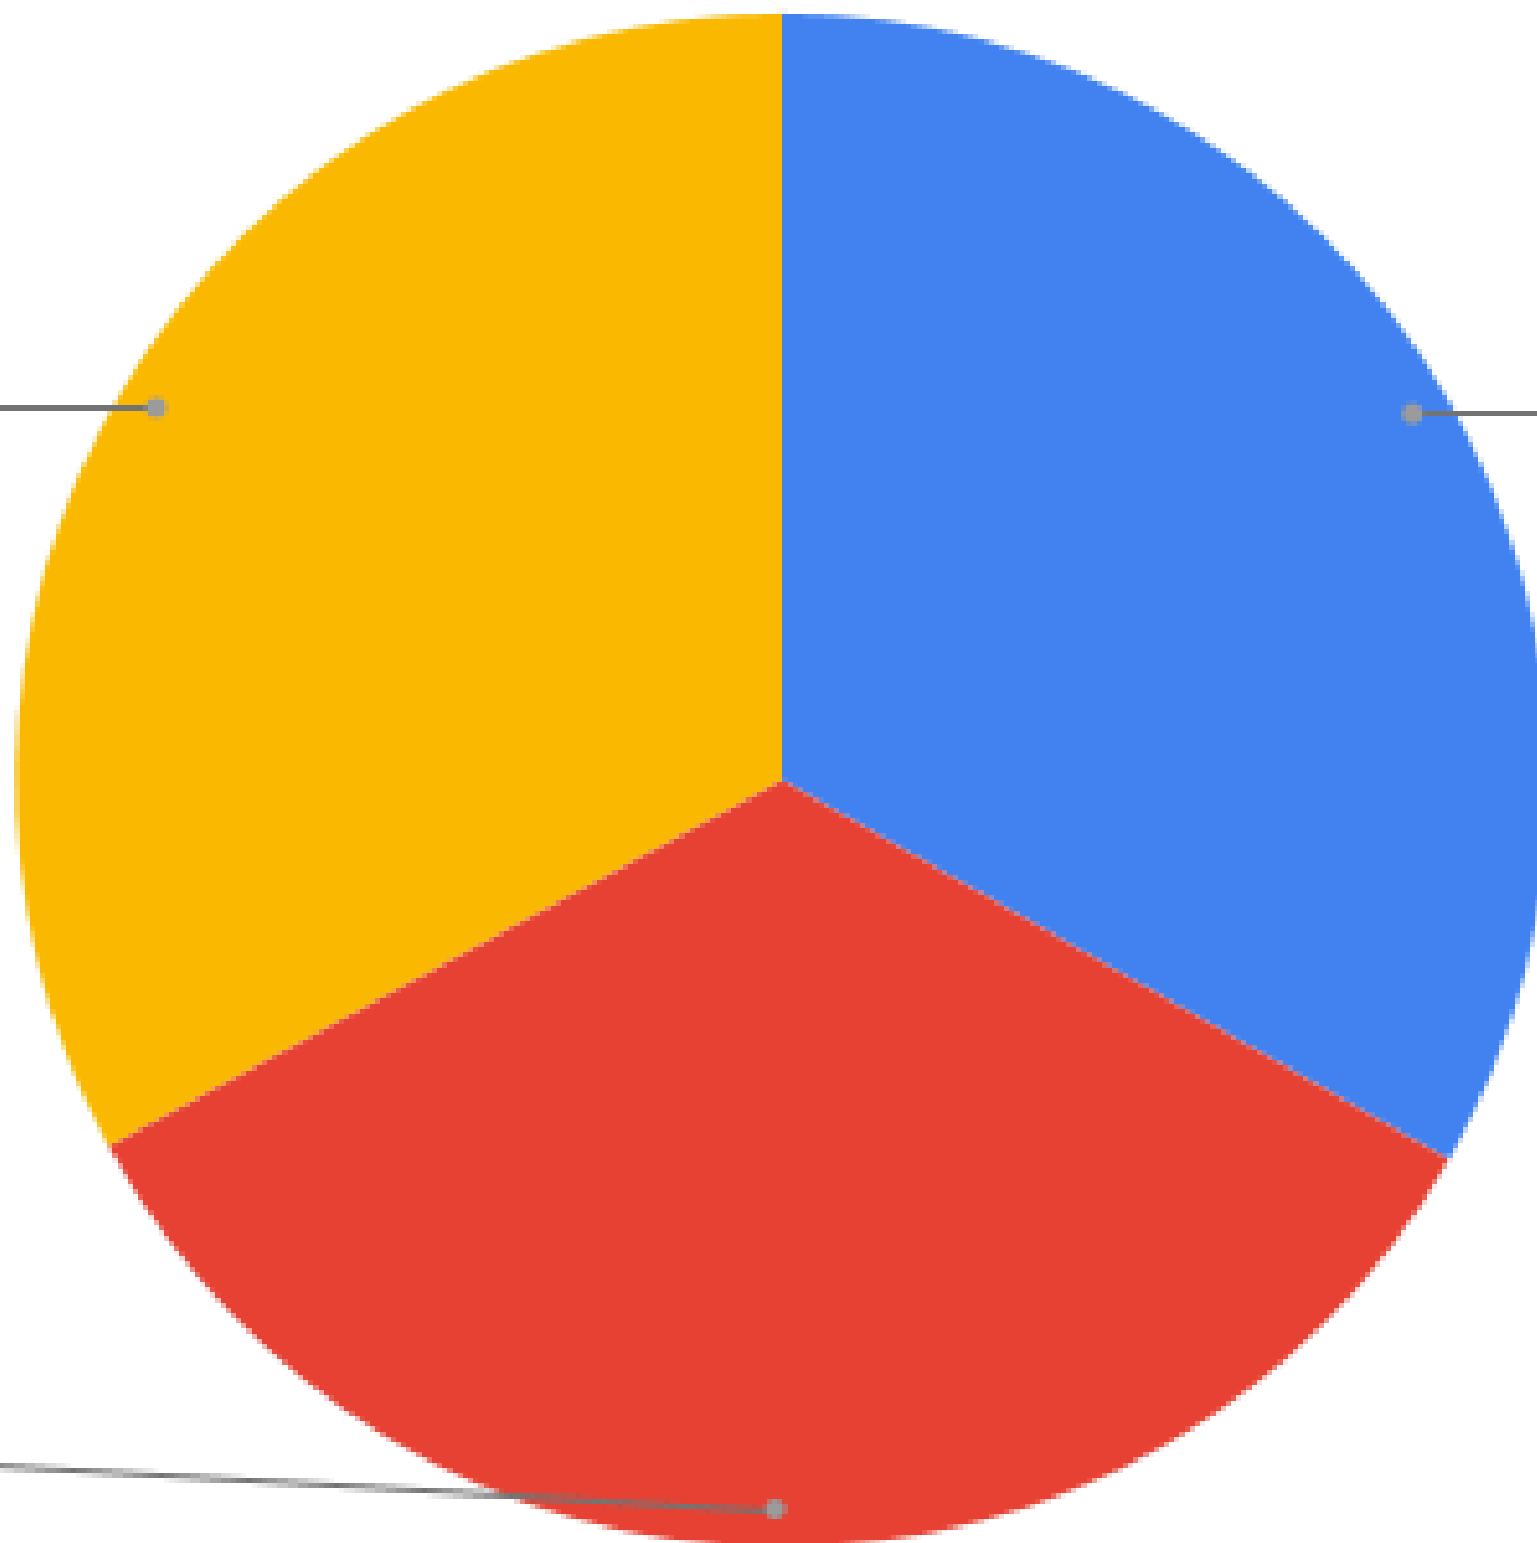

LOCATION DISTRIBUTION

SUM of Total_Revenue

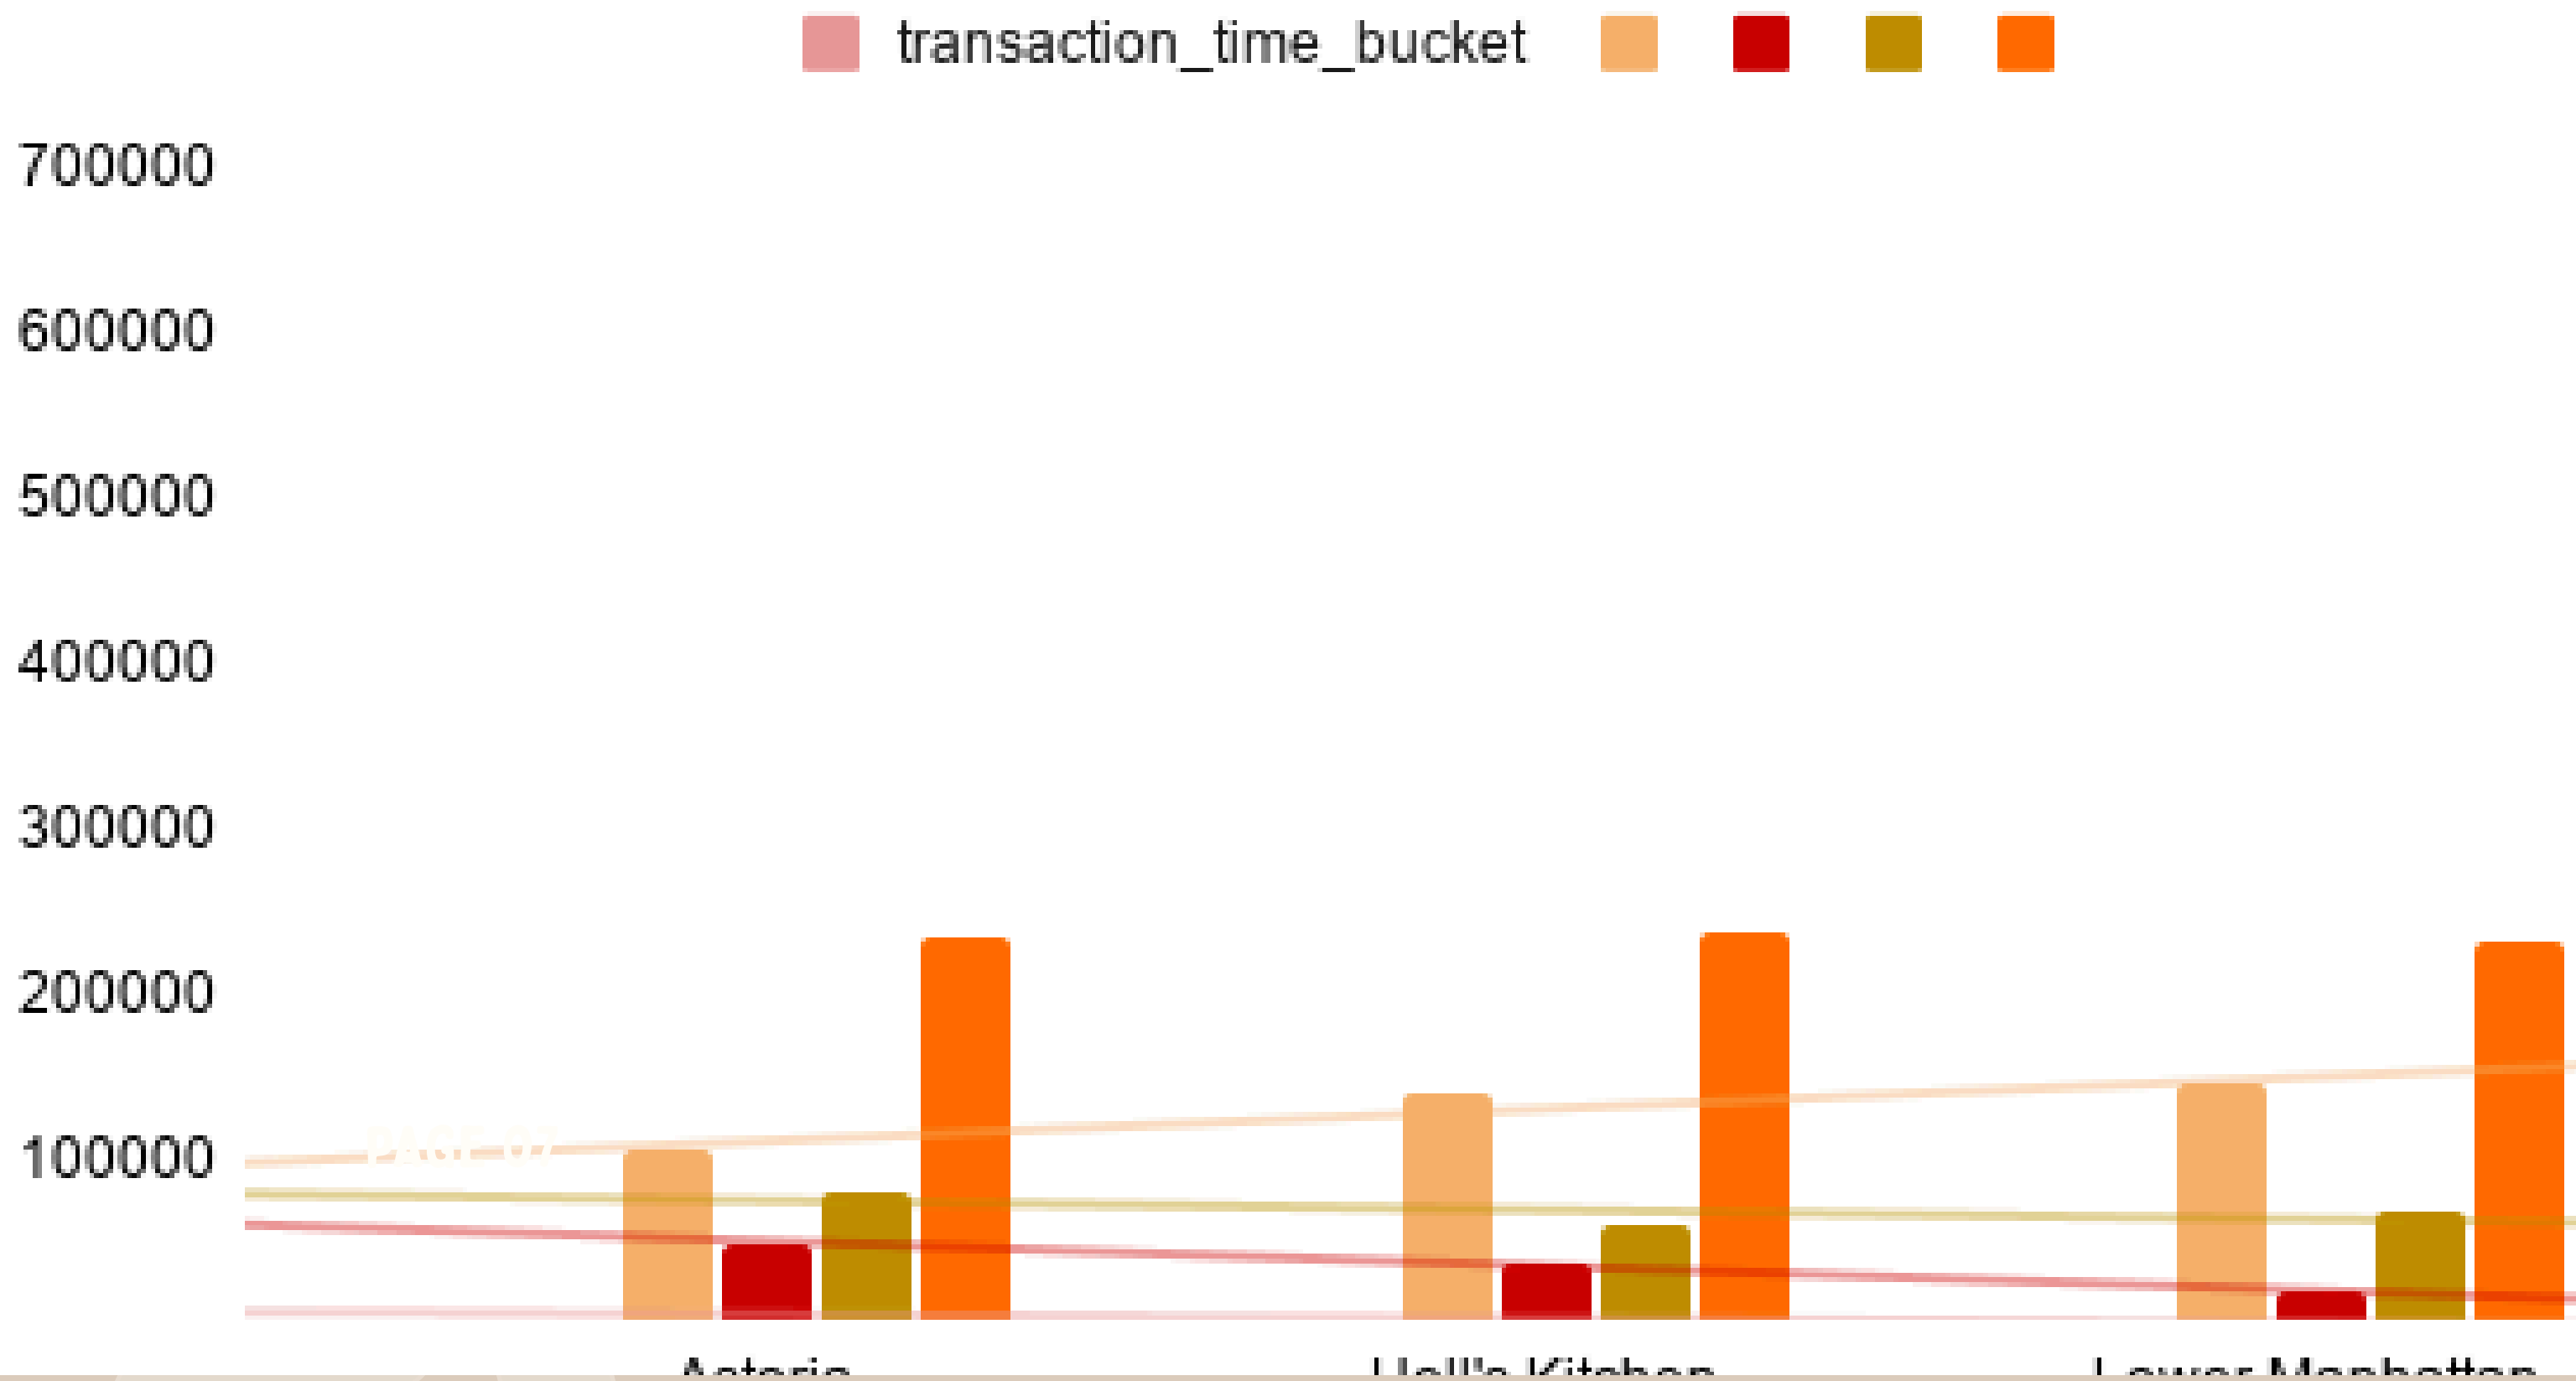

Lower Manhattan
32.9%

Hell's Kitchen
33.8%

LOCATION DISTRIBUTION

Total revenue per store location vs time of day

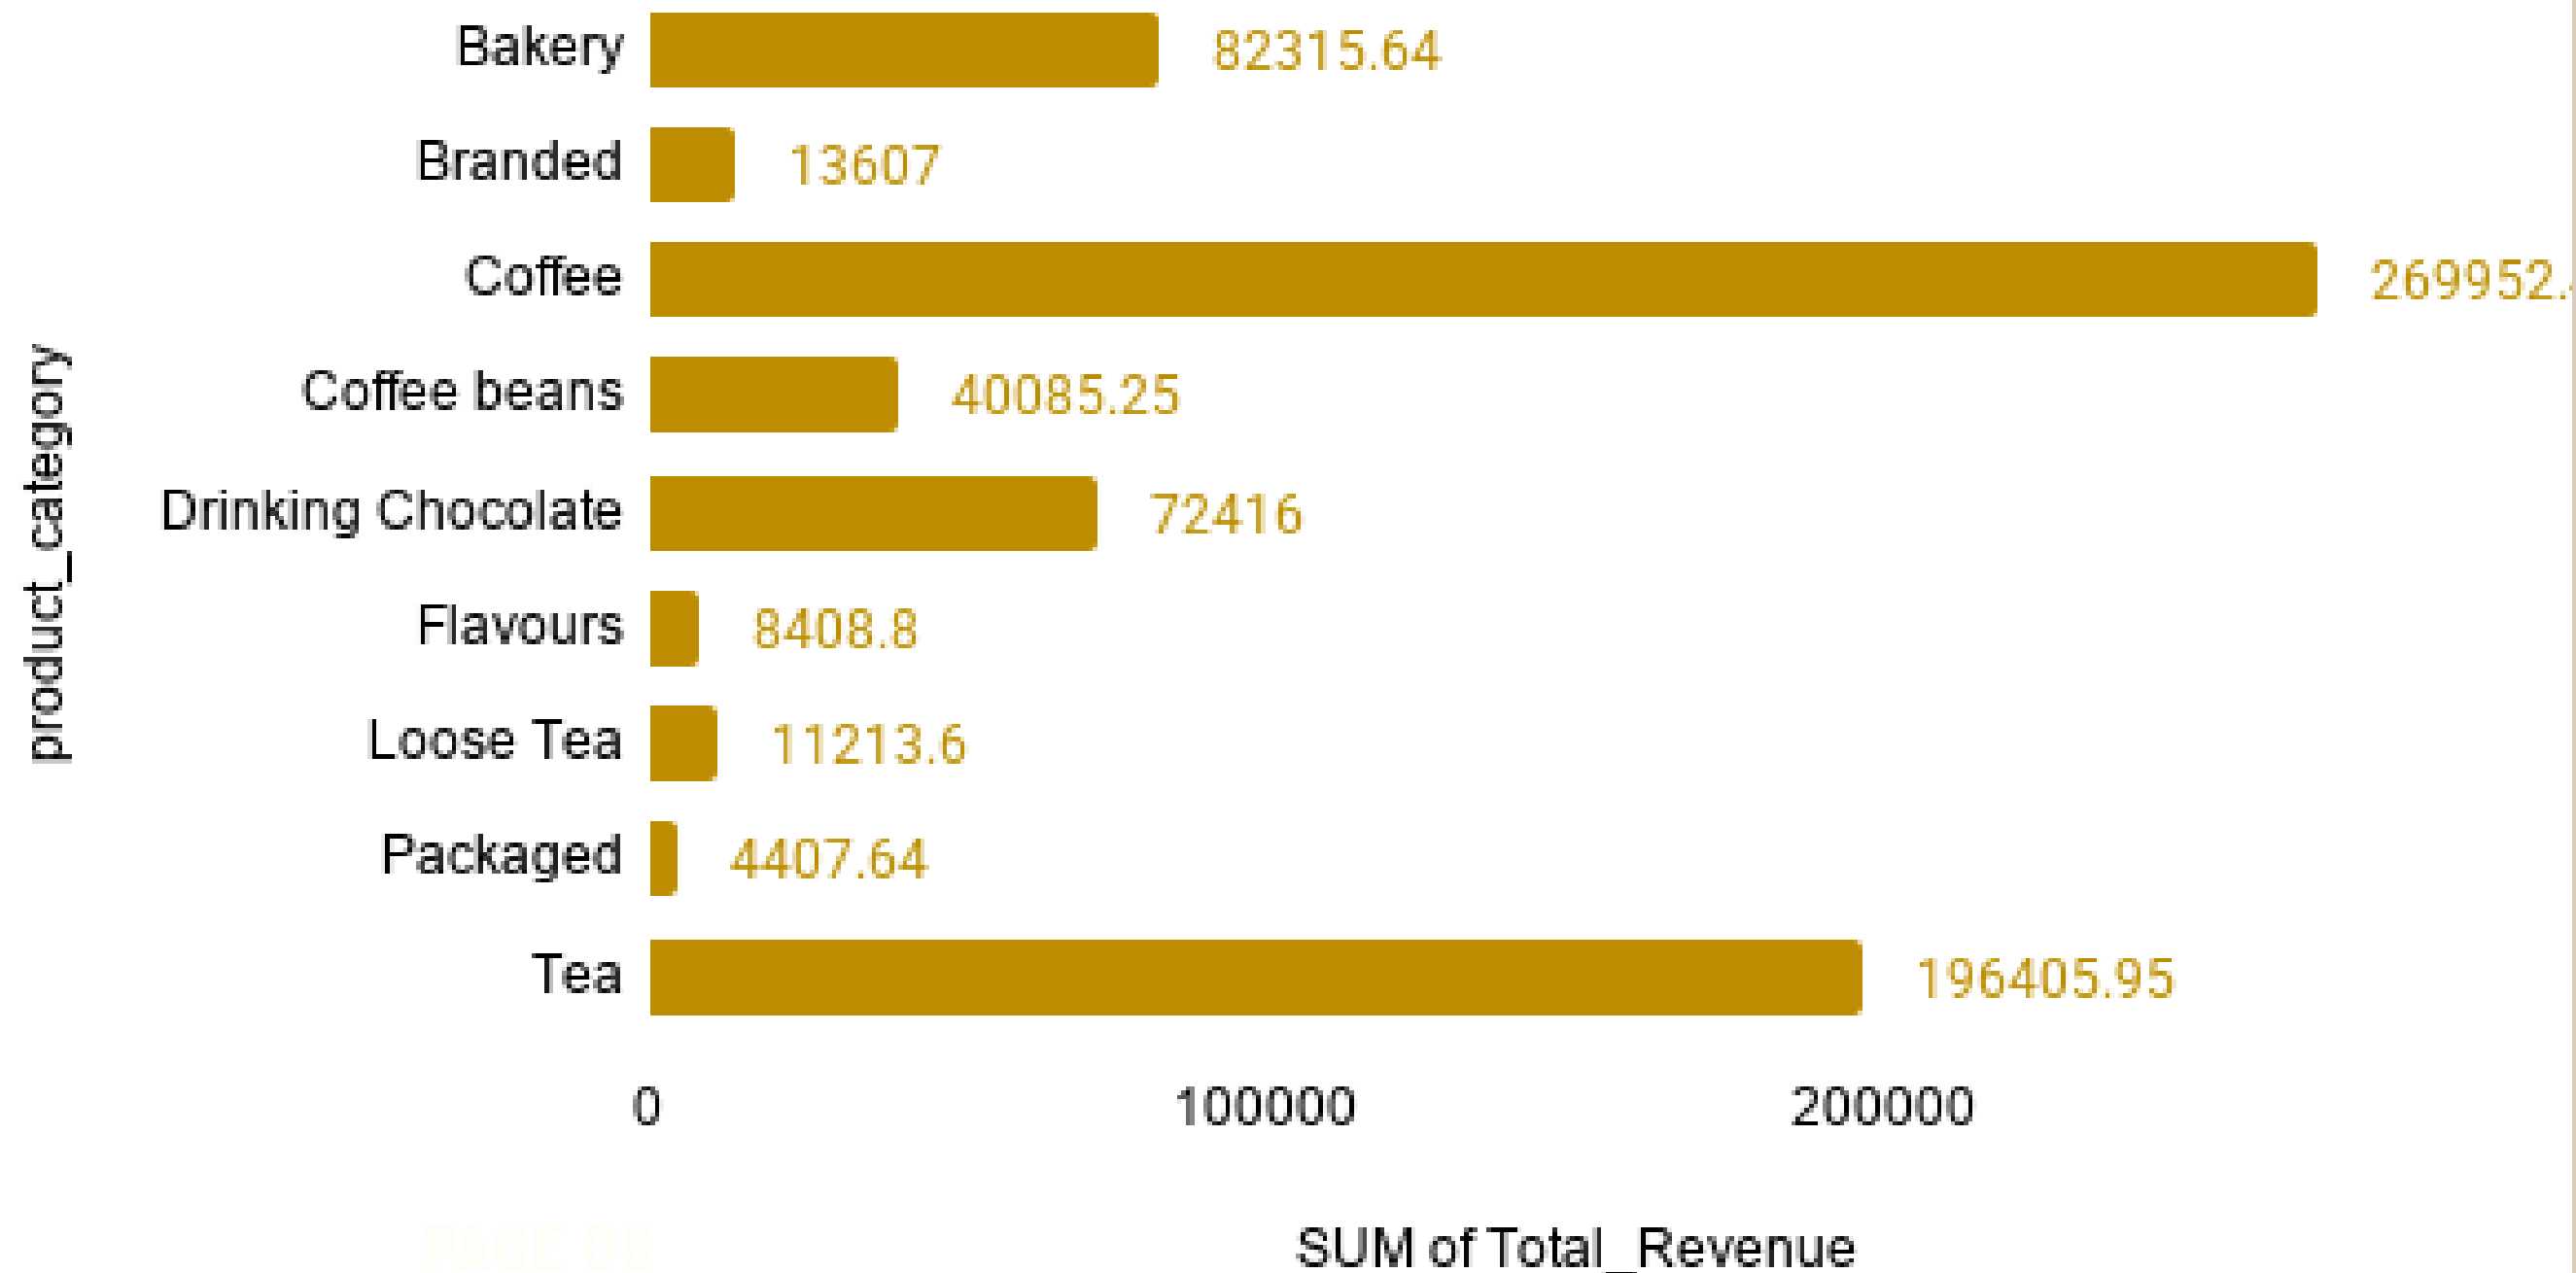

Depending on the time of day sales are almost the same among the different shops except Astoria seems to do a little better at night over the two stores.

PRODUCT PERFORMANCE

Total_Revenue per product_category

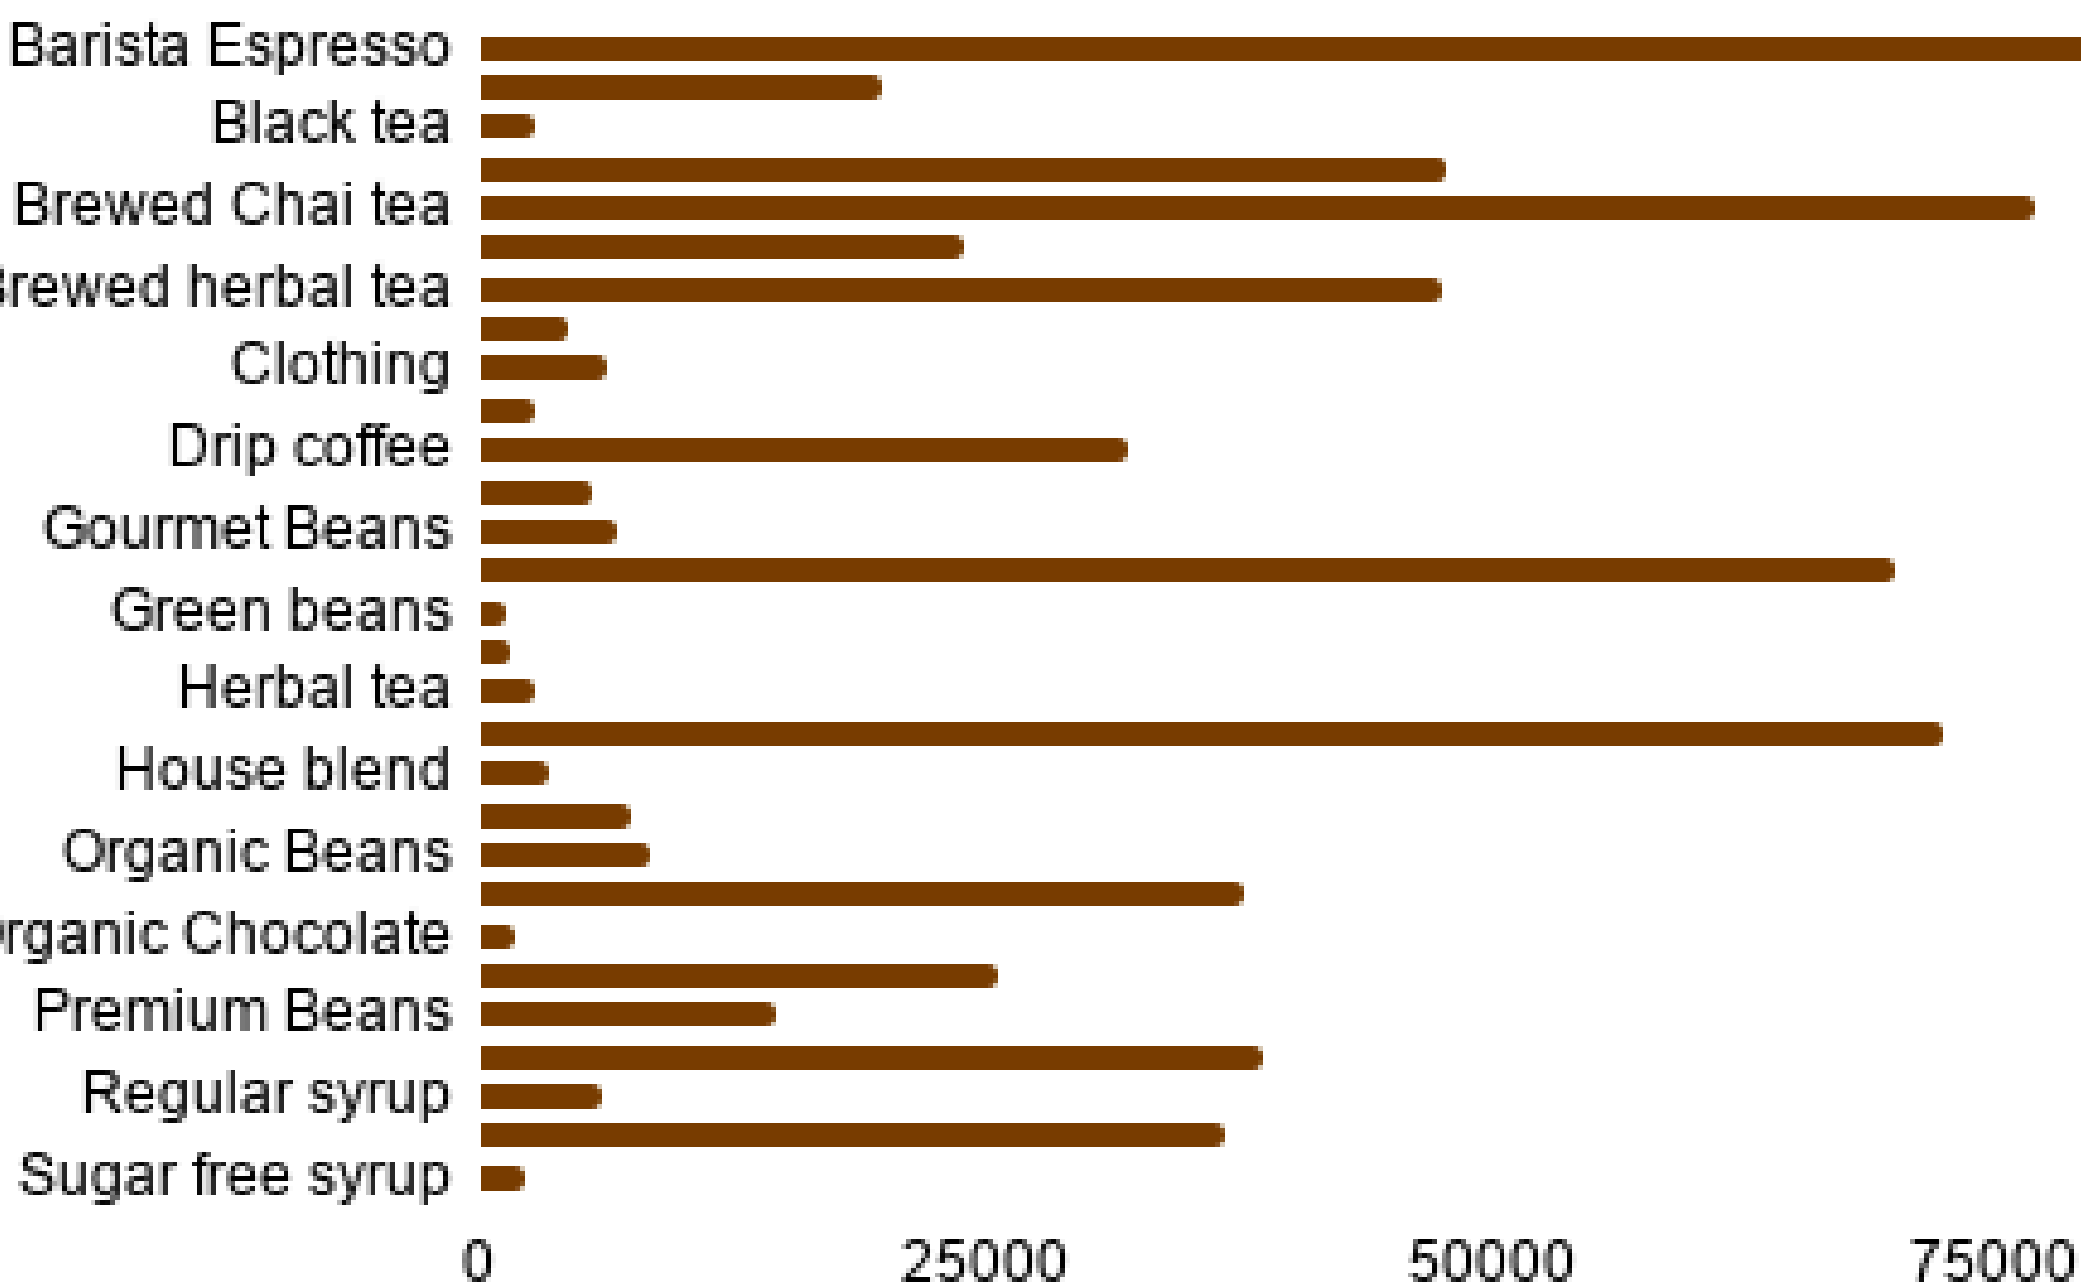

This shows coffee being the most revenue making in this category

PRODUCT PERFORMANCE

_Revenue per product_type

IN TOTAL REVENUE PER PRODUCT TYPE
BARISTA

RECOMMENDATIONS

- Marketing campaigns during slow time slots
- Stock more of the best-selling items
- Promote underperforming products
- Consider loyalty packages for peak time customers

THANK YOU.
